

# Matching features 2

## Have a go

What three elements do these sets of shapes have in common?

- (a) \_\_\_\_\_
- (b) \_\_\_\_\_
- (c) \_\_\_\_\_

- (a) \_\_\_\_\_
- (b) \_\_\_\_\_
- (c) \_\_\_\_\_

- (a) \_\_\_\_\_
- (b) \_\_\_\_\_
- (c) \_\_\_\_\_

The picture on the left belongs to two of the three groups on the right. Circle the letter of the group to which it does not belong.

## Test yourself

Look at the shapes in the box on the left and decide what they have in common. Then select the option that is part of the same set. Circle the letter beneath the correct answer. For example:

Score  / 4

## Try it out

On a separate piece of paper, draw five more shapes. They should all look very similar to the shapes in the set but only one of them should actually belong to the set. Ask a friend or parent to identify the one that belongs.
