

## Planet eStream

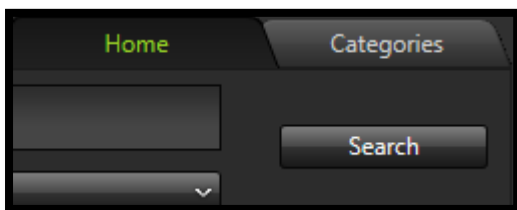

Planet eStream allows you to record Freeview television. Once a programme is recorded it will stay on our system until you delete it. It is then possible to add this programme to Firefly.

- Using the app it is also possible to upload video from your iPad to Firefly.
- There is a link on Intellinet to Planet eStream however if you want to access from home then you can type in:

<https://media.endowedschools.org> This will take you to the Planet eStream website.

## Viewing Content

The Home page allows you to view what has been uploaded. To make searching for content easier you can view separate categories.

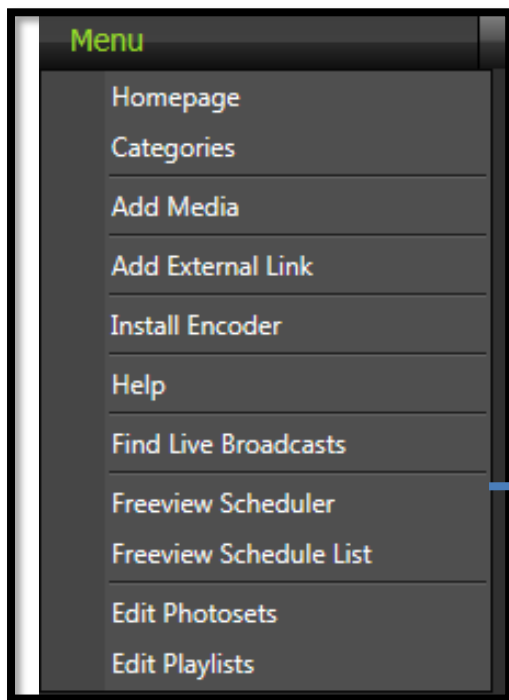

For example, by clicking the category you can see which programmes have been uploaded.

## Adding Content

On the top left of the Homepage is a Menu button click this to expand

Click the Freeview Scheduler

This takes you through to the Freeview TV

There is a timeline along the top.

**Green** means the programme can be recorded.

**Purple** means the programme is awaiting conversion

**Orange** means the programme has been converted and is able to be viewed/ added to Firefly.

When you schedule a programme please tick the category that you would like the programme to be added to.

The screenshot shows the 'Schedule Recording' interface. The main form has the following fields:

- Title: India: Nature's Wonderland
- Description: 2/2. Wildlife expert Liz Bonnin, actor Freida Pinto and mountaineer Jon Gupta reveal the hidden wonders of...
- Keywords: BBC TWO at 21:00 08/09
- Year Group:  Global  R  Staff Only
- Publishing Policy: Off Air
- Categories: [Manage](#)

The 'Category Selector' dialog box is open, showing a list of categories with checkboxes:

- Business
- Chemistry
- Classics
- Computing
- Design & Technology
- Drama
- Economics
- English
- Extra-Curricular
- Food
- Forest School
- General Studies
- Geography
- History
- Maths
- Modern Languages
- Music

At the bottom of the dialog are 'Save' and 'cancel' buttons.

In this case it is two. Click 'Save'.

The 'Programme options' dialog box is shown with two buttons:

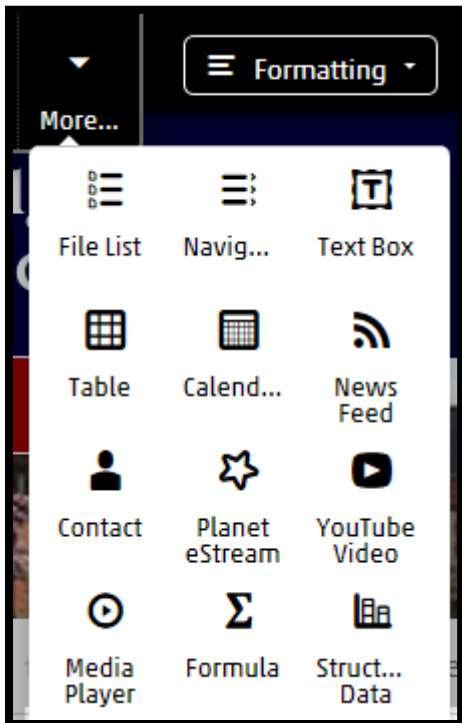

- convert & add to system
- cancel schedule

Click convert & add to system. You will get an email when the programme has been converted and is ready for use.

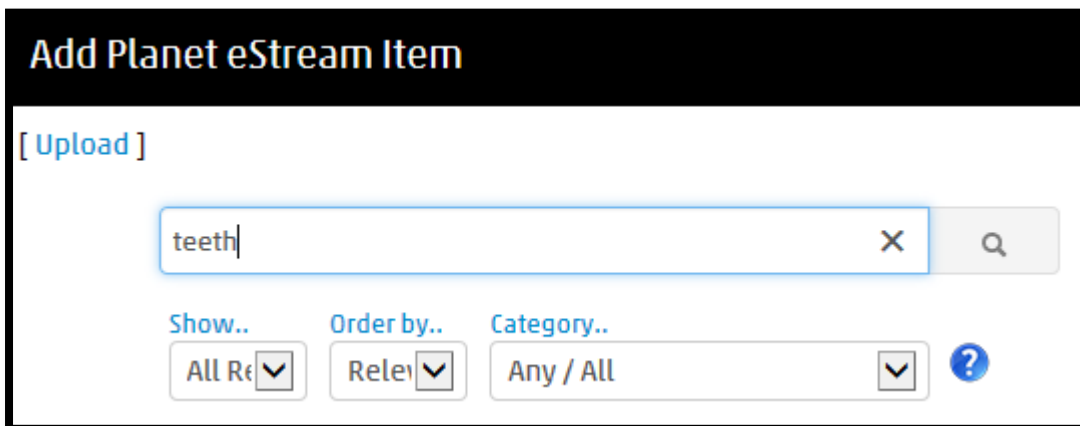

***Note it is possible to edit your recordings and add in chapters. For this you will need to be using Chrome. There is a category for Planet eStream videos that gives tips on how to do this.***

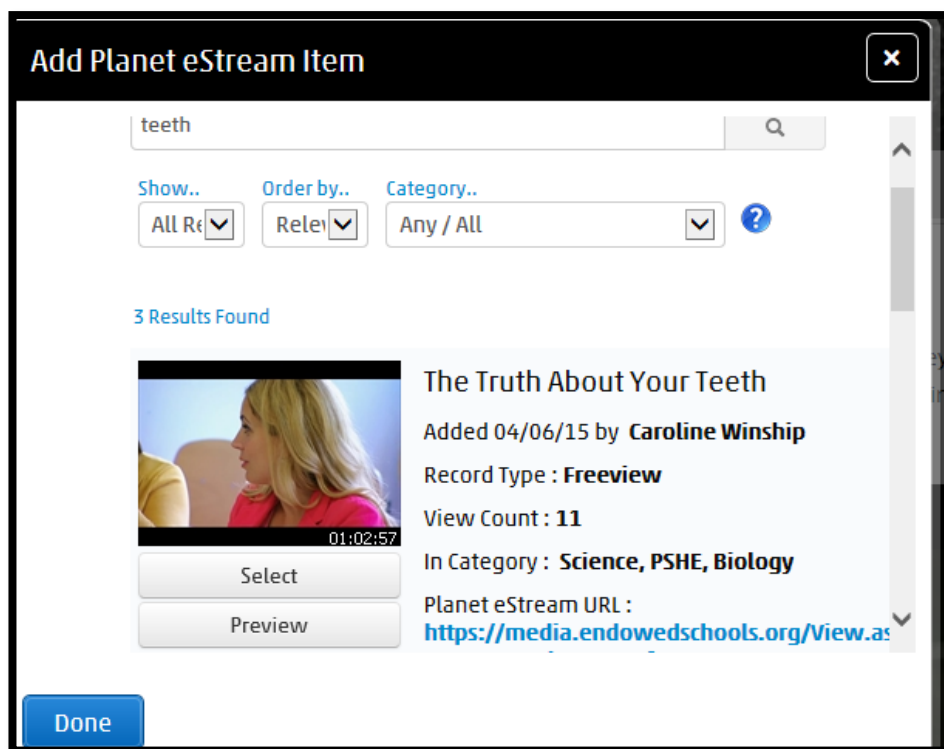

## Using Content uploaded to Planet eStream

In Firefly, go to the Page you would like to add the content to. Click Edit Page, then in the 'More' option at the top of the Page Click Planet eStream.

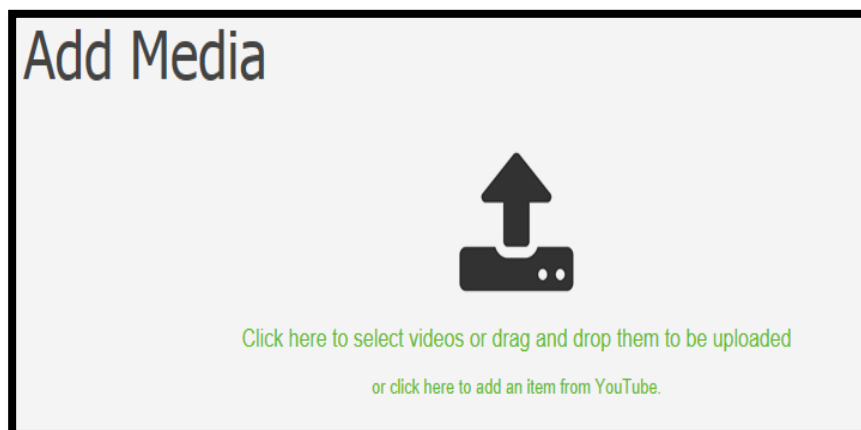

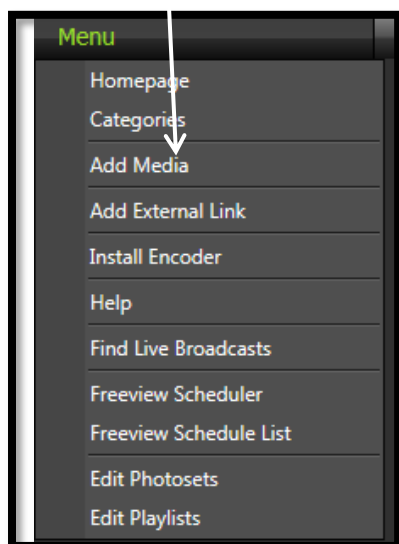

You can then search for an item that you would like to add to Firefly.

Click **Select** and then **Done**. This will then be downloaded to Firefly.

You can also add videos that are saved to your Computer. Again click Menu this time select **Add Media**.

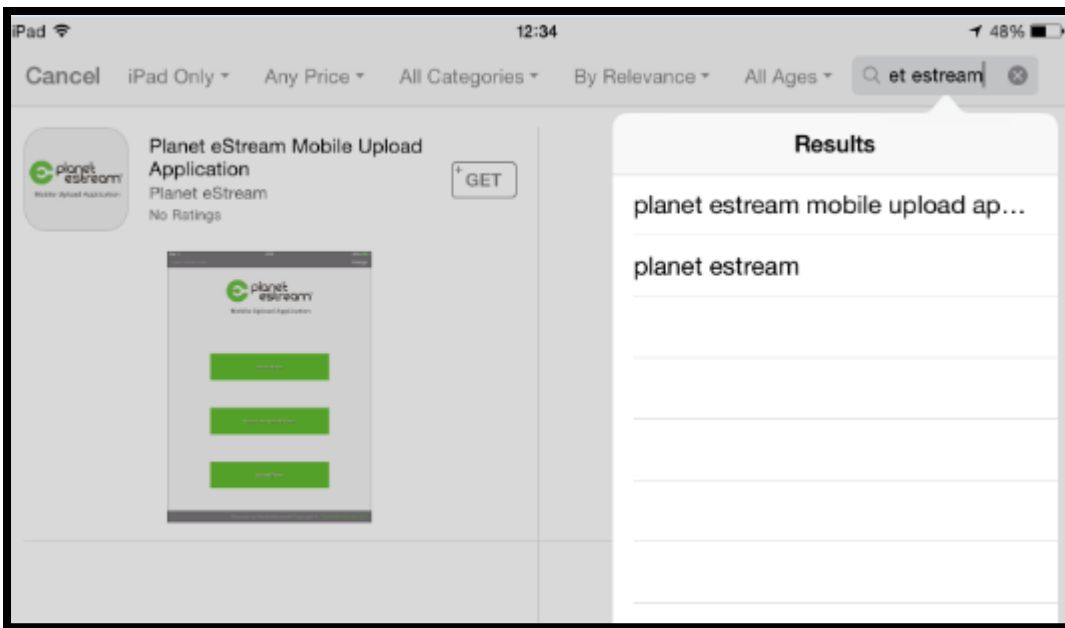

You can the upload videos from your PC.

## Using the App.

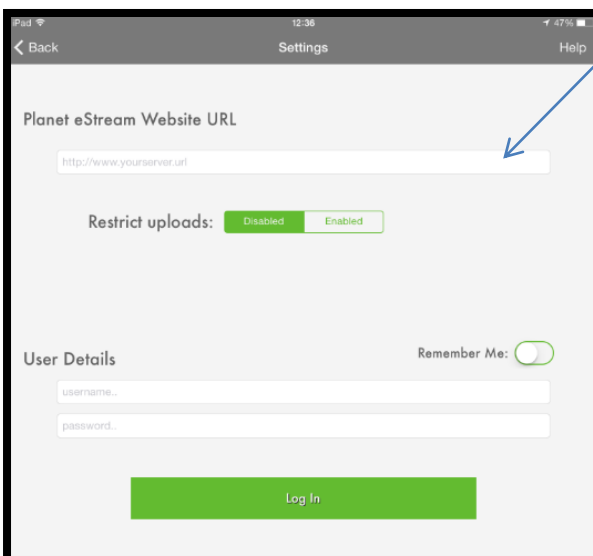

Go to the App store and search for 'Planet eStream Mobile Upload Application'

Install this app.

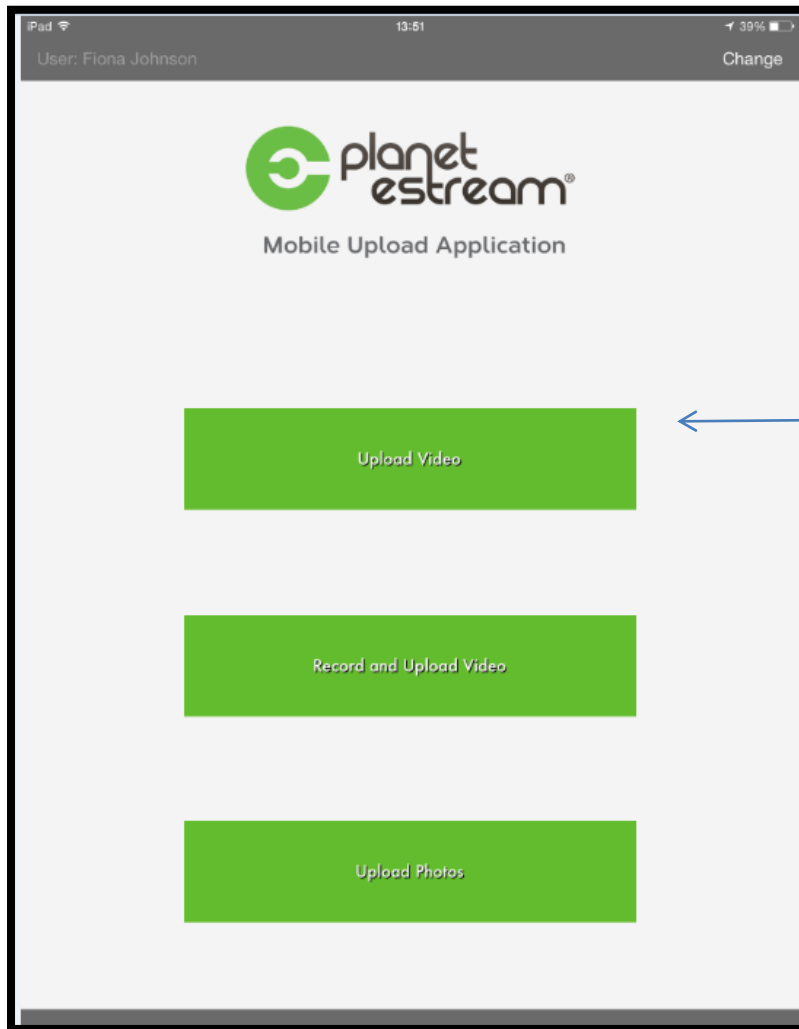

You will be prompted for a URL type in <https://media.endowedschools.org>

Type in your username and password here. This is the one you use to log into the computers.

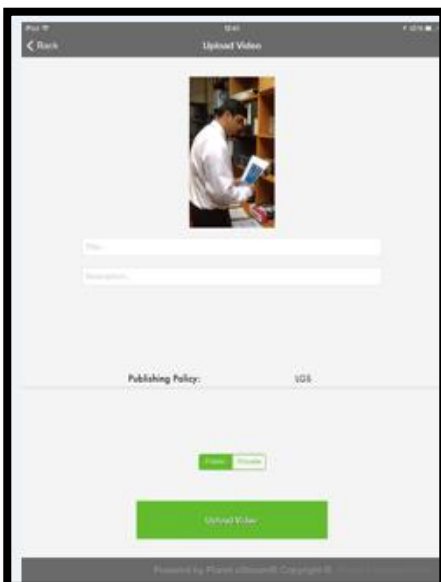

This then allows you to upload video from your iPad to the Planet eStream system and then to Firefly.

Once logged in you get this screen.

Choose the option to upload Video.

This takes you through to your Camera Roll where you can select your Video. Once compressed, you can upload your video.

This video is only published to the school you are at.

You can then download the Video to Firefly, following the previous steps.
